

Meeting Your

Technology Needs

A+ Customs offers personalized technology support for your small business needs.

- **Web Hosting/Web Design.** A variety of packages and customs solutions are available.
- **Digital Imaging, Photography, and Videography.** Scanning and image editing services, custom graphic/logo creation, portraits, product shots, videos for the web, and more.
- **Technology Training.** Would you like to be more self-sufficient? Training is available for basic computing, a variety of software applications, common technology peripherals such as scanners, digital cameras, etc., web site maintenance, and more.

- **Consulting Services.** Not sure what technology to purchase for your business? Need help installing new equipment? Want to save money streamlining business processes? Need assistance with advertising or creating marketing campaigns? A+ Customs offers all these small business services at a rate to meet your budget.
